Sustainability data sheet

Hesse PERFECT-NATURA bright HDE 54510

Mixing ratio (by volume): 10:1 HYDRO Hardener HDR 5091

Product description

The light fast PERFECT-NATURA bright HDE 54510 can be used to achieve an open-pored, dull matt, scratch resistant and mechanically resilient surface with the natural look of wood. This topcoat is particularly interesting for sustainable objects, as it contains 11% renewable raw materials. Due to its pronounced brightening properties, PERFECT-NATURA bright is particularly suitable for use on light-colored wood types.

Areas of application

In the complete field of interior fittings for living areas as a natural wood effect; mainly on light-colored woods. Can also be used for stairs, Handrails and bleached Surfaces.

Disposal

Lacquer

According to the currently valid Waste Catalogue Ordinance, it is necessary to assign waste to a specific waste type according to its origin. It is therefore not possible to clearly define a waste code number.

packaging

Packaging that is completely empty should be recycled. However, packaging that contains residues of hazardous substances or is contaminated by these substances, as well as packaging that is not completely empty, must be disposed of properly and without risk in accordance with the regulations for the respective product.

General information about the company

Hesse Lignal takes responsibility for future generations and is actively committed to protecting people and the environment. The company demonstrates this not only by phasing out solvents for its own paint systems by 2030.

Hesse Lignal is committed to using all resources responsibly and as sparingly as possible in all areas, thus setting an example for the industry.

ISO certification

- Quality management ISO 9001
- Energy Management ISO 50001
- Environmental management ISO 14001
- Occupational health and safety management ISO 45001
